

ICEBERG Under Sink Water Chiller (CM-ICS-P1LF) Specification

ICEBERG POU Water Cooler

The Iceberg is our innovative new undersink water cooler, which supplies cooled water on demand from a counter-mounted tap adjacent to your sink or handbowl. The Iceberg is a great addition to any Reverse Osmosis or other drinking water system. The impressively quiet electric refrigeration unit installs discretely inside your base cupboard and can dispense a cool 11.5 litres an hour.
